FINE ART PHOTOGRAPHY AND FAMILY PORTRAITURE

Family Portraiture and Event Price List

I hope you find my pricing to be simple, straight forward, and hassle free! Getting great photos of special times and loved ones should not be complicated or stressful! I do not require a minimum purchase so that the client is able to get as many or as few prints that they want. If you have any questions please contact me.

General Photo Sessions \$150.00

This includes maternity, children, families, engagements, and bridals.

These sessions typically last about 1 hour, however, I do not limit our time to insure we get as many great photos as we can and to insure that you, the client, are satisfied.

I encourage couples, families, and brides to choose their location for their session. This will give a personal touch that is unique to you, the client.

Annual Bluebonnets Mini session \$150.00

I will advertize when the bluebonnets start to bloom and where the session will be held. This session will be 30 minutes and will include 5 digital image files. We will decide during the session which 5 poses you would like.

Newborn Photo Sessions \$250.00

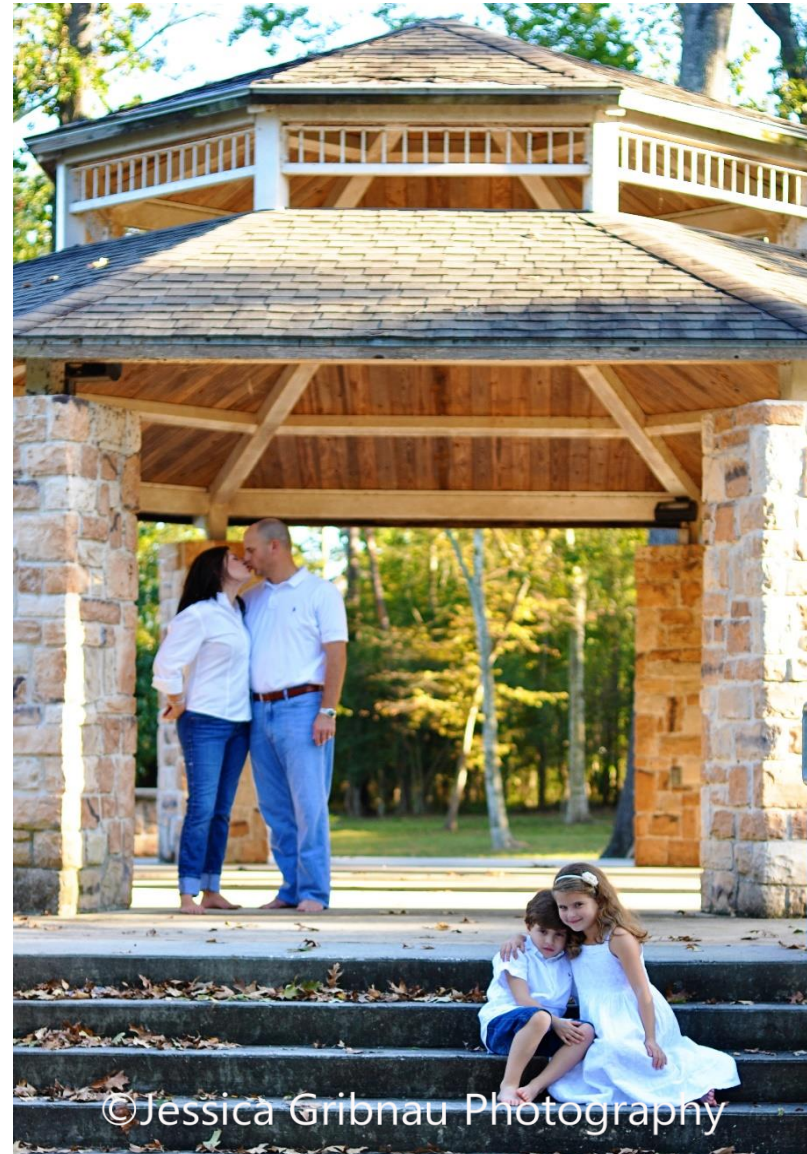

For Newborn baby sessions, I require the client to come to my house. This way, I can control the lighting and environment to insure I am able to get the best photos possible. This session is good for up to 4 hours. Most babies will not last this long, but with the need to nurse between poses, sometimes it takes that long!

*Please note that Newborn sessions are VERY unpredictable!! I will do my very best to work with the babies to get the best shots possible. They need to be in a deep sleep to get the best poses but some babies just don't want to sleep, no matter how hard we try!

**Newborn Sessions MUST be scheduled with in the first week of birth; 10 days old at the max!! The sooner you contact me to get a date penciled in, the better

Event Photo Session \$75 per hour

This includes birthday parties, family reunions, or any other group gathering or celebration (this does not include weddings!)

Digital Image Packages

While I offer various packages of digital images, I highly recommend ordering prints through me. I can assure that any special editing fits within the bounds of the image size chosen and can provide high quality photo paper.

Package A	Up to 5 High Resolution Images	\$165.00
Package B	Up to 10 High Resolution Images	\$260.00
Package C	Up to 20 High Resolution Images	\$440.00
Package D	Up to 100 High Resolution Images	\$1,080.00
Package E	1 High Resolution Image	\$40.00

These are downloaded directly from the website. Just follow the steps to checkout.

I, as the photographer, will filter and edit the photos from the session as I see fit.

The client will be able to view the images on my website and choose which images they want to download

I will give a copyright release form that will allow you to get prints made where you like.

Due to the time it takes to edit photos, if you choose more than 20 images you must purchase the whole session.

Special request editing (removing objects, changing colors, etc) will be given an extra charge per picture based on the extent of editing. The price will range between \$5 and \$20 per photo depending on the difficulty and will be discussed at that time.

24" x 36" Canvas Wrap	\$520.00

*Tax and Shipping on prints and canvas wraps will be added to your order once it is complete

Scheduling

First and foremost, I am a mother of 4 so my kids come first. I will schedule my sessions around when it is best for my family and I can find baby sitters. My oldest are in school so there will be times during the week that can work, however, weekends are easiest since my husband is home to help with them. I hope my clients can understand where I stand on this issue and work patiently with me accordingly!

I prefer payment for the session by cash or check at the time of the session. In the event, this does not happen, you can pay for a session through my site.

Turnaround Time

I am able to get most sessions edited and posted to my website within 2 weeks, depending on how many sessions I have had that week.

Once I have finished, I will post them to my website in a hidden folder. I will call you, the client, and give you an access code that you can use to view your photos. You are free to share this code with anyone you desire.

I do not put an expiration date on your access code! This way you can always access the photos and order more if you decide to at a later date. Many times, clients want to go back after a few years and order different styles of prints for their home, or family members will decide they want some! I hope I can always accommodate these wishes!

Placing An Order

When ordering Digital Files, simply check out through the website and download the images. I now offer payment with cards and PayPal to make it easier on both ends!

**When ordering Prints, please contact me and I will place the order separately from the website. This ensures that I can review the print to make sure it's quality is up to my standards, before you receive it
